TECHNICAL SKILLS

Networking & Infrastructure

- Cisco Packet Tracer — VLAN, routing, ACLs & NAT
- Static routing, NAT & ACLs
- TCP/IP, DNS, DHCP, HTTP/S
- Network troubleshooting & security
- Ubuntu / VirtualBox — Linux admin

Cloud, DevOps & Emerging Tech

- Cloud-Native App Architecture
- DevOps — CI/CD, IaC, DevSecOps
- IoT & embedded programming
- Computer Architecture & OS

Programming & Web Dev

- C#, JavaScript, HTML, CSS, SQL
- Bash scripting (Linux automation)
- Python (Essentials 1 & 2)
- Database design & SQL tuning

Data Analytics

- Power BI (dashboards & DAX)
- Data modelling & visualisation
- Statistical analysis & BI reporting

Tools & Platforms

- MS Office (Excel, Word, Outlook)
- GitHub (version control)

Soft Skills

- Innovation & leadership
- Problem-solving & critical thinking
- Teamwork & attention to detail

LANGUAGES

English	Professional
Setswana	Native

INTERESTS

Calculus & Mathematics · Reading & Self-development · Network Engineering · Cybersecurity · Data Analytics & BI

ACHIEVEMENTS

- Full NTT Data scholarship (2022)
- Top 3 achiever — Belgium Campus ITversity, Info Systems, 82% (2025)

CATHRINE MPEBE

IT Student | Aspiring Network & Infrastructure Engineer | Data Analytics

PROFESSIONAL SUMMARY

Motivated IT student at Belgium Campus ITversity, specialising in Networking and IT Infrastructure, with hands-on experience through the Cisco Networking Academy and academic projects. Ranked in the Top 3 of the 2025 cohort with an 82% average in Information Systems. Passionate about network engineering, cybersecurity, cloud computing, database systems, and data analytics — with practical experience configuring enterprise networks (routing, ACLs, NAT), automating Linux administration with Bash, planning DevOps adoption, building Power BI dashboards and completing data science simulations.

EDUCATION

Diploma in Information Technology
2024 – Present

Belgium Campus ITversity | Specialisation: Networking & IT Infrastructure

- Key modules: Computer Networks, Cybersecurity, Database Engineering, Cloud-Native App Architecture, OS, IoT, DevOps
- Achieved 82% average — ranked Top 3 in Information Systems (2025)

NTT Data Saturday School Programme
2022 – 2024

NTT Data | Technology & Innovation Programme

- Awarded full scholarship to Belgium Campus ITversity through NTT Data; referred upon successful completion

National Senior Certificate (Grade 12)
2020 – 2023

St Ansgar's Combined School

TECHNICAL PROJECTS

Enterprise Network Design — NetSecure Ltd (NWD 361)
2026

Belgium Campus ITversity | Group project (3 members)

- Designed and configured a hub-and-spoke enterprise network in Cisco Packet Tracer connecting HQ, three branch offices (Cape Town, Durban, Pretoria) and a simulated ISP, with a unique subnet per site and static routing via HQ
- Implemented Static NAT (public web server), Dynamic NAT and PAT at HQ, plus standard and extended ACLs to restrict inter-branch traffic and block FTP/Telnet; verified with *show ip route*, *show ip nat translations* and *show access-lists*
- Documented the topology, IP addressing plan, testing and troubleshooting in a project report

DevOps Implementation Plan — Capitec Bank (DOP 361)
2026

Belgium Campus ITversity | Group project

- Researched and proposed a DevSecOps strategy for Capitec Bank, comparing traditional IT with DevOps and selecting the CALMS model
- Planned CI/CD pipelines, Infrastructure as Code (Terraform), microservices on AWS/Kubernetes, POPIA-aligned security, team roles and the full DevOps lifecycle; assessed short- and long-term benefits and risks

Linux User Creation Automation — Bash (OPS 361)
Mar 2026

Belgium Campus ITversity | Group project (2 members)

- Developed a Bash script that reads users from a CSV file, validates input and creates accounts with *useradd* and *chpasswd*, skipping duplicates and continuing past errors
- Logged every action to a log file, verified results with *id* and */etc/passwd*, and delivered a README, sample CSV and demo video

Ecommerce Sales Dashboard — Power BI
2026

Self-initiated Data Analytics Project

- Built an interactive dashboard analysing sales across states, categories & customer segments — tracking sales (438K), quantity (5,615), profit (37K) and AOV (121K)
- Visualised profit trends, sales by state, category mix, and payment mode distribution; implemented quarterly slicers

Cisco Networking Academy — Network & Database Projects
2024

Belgium Campus ITversity

- Simulated enterprise topologies in Packet Tracer (VLAN segmentation, inter-VLAN routing, DHCP/DNS) and implemented firewall/access-control policies
- Designed a normalised SQL database for a student management system with queries for insertion, retrieval, updates and reporting

Printed Solar-Powered Smart Racing Vehicle
2024

Belgium Campus ITversity

- Designed, built and raced an autonomous vehicle using 3D printing, IoT sensors, embedded programming and solar power management with real-time sensor feedback

Web Application — HTML / CSS / JavaScript / C#
2024

- Developed a full-stack responsive web app with C# server-side logic, focused on UX and software development best practices

CERTIFICATIONS & VIRTUAL JOB SIMULATIONS

Certifications

- Getting Started with Cisco Packet Tracer — Cisco Networking Academy
- Cybersecurity Essentials — Cisco Networking Academy | *Oct 2022*
- IoT Fundamentals: Big Data & Analytics — Cisco Networking Academy
- Python Essentials 1 & 2 — Cisco Networking Academy & OpenEDG Python Institute | *Jun 2026*
- Power BI for Beginners | *Apr 2026*

Virtual Job Simulations & Internships

- **Trainee Customer Field Technician Job Simulation** — nbn co via Forage | *Oct 2026*
  - Documented the step-by-step process of an installation, including specific configurations and adjustments made
  - Resolved simulated technical issues for nbn co's Field Technician Team while providing professional customer service
- Software Development Job Simulation — Datacom via Forage | *Aug 2025*
- Introduction to Data Science Job Simulation — Commonwealth Bank via Forage | *Aug 2025*
- Cyber Security Internship Certificate — Future Interns | *May 2026*
